Mid Year Exams : February 2011

Please place on this sheet the contents of your course that you will be examining in your Mid Year Exam. Details are expected. Chapter numbers, section headings and the like. Please type using this template and then email the template to me using the following syntax in the Subject header of the email : TaughtSubject : Class. Thus if I were sending details of Maths in 7A the subject of the email would be : "Maths : 7A". Every Class/Subject combination should have a separate email. Thus Bassem will send me about 19 emails!

Teacher : Omaima	Subject : Biology	Class

Dear student the best way to study biology is to make sure you understood all concepts and you memorized all technical terms. You have to reanalyze all activities and resolve the exercises. Review the quizzes and tests.

Good luck.
