Mid Year Exams : February 2012

Please place on this sheet the contents of your course that you will be examining in your Mid Year Exam. Details are expected. Chapter numbers, section headings and the like. Please type using this template and then email the template to me using the following syntax in the Subject header of the email :
TaughtSubject : Class. Thus if I were sending details of Maths in 7A the subject of the email would be :
"Maths : 7A". Every Class/Subject combination should have a separate email. Thus Bassem will send me about 19 emails!

Teacher : Hisham Hamdan

Subject : 6B Computer

- 1. Standard Form:**
You must be able to write your name, date and class in standard form.
- 2. Acronyms:**
You must be able to write down the words that the letters stand for (i.e. RAM = Random Access Memory)
- 3. Computer Parts:**
You must be able to identify the parts of a computer and explain what they do.
- 4. Measurements:**
You must be able to explain what unit we use to measure how much information can be put on a computer and you need to know the different prefixes and how much they symbolize (i.e. 1 KB = 1024 bytes). You also need to be able to tell me roughly how many bytes are in megabytes, gigabytes, etc.
- 5. Binary Numbers:**
You must be able to explain how binary numbers are used and why they are used in computing. You should be able to convert between binary numbers and decimal numbers.
- 6. Touch Typing:**
You must be able to explain why we use the keyboard we use and what its name is. You also need to explain why we don't use the alternatives (and what the main alternative's name is). You need to also explain why we learn to touch type.
