## Mid Year Exams : February 2010

Please place on this sheet the contents of your course that you will be examining in your Mid Year Exam. Details are expected. Chapter numbers, section headings and the like. Please type using this template and then email the template to me using the following syntax in the Subject header of the email : Taught Subject : Class. Thus if I were sending details of Maths in 7A the subject of the email would be: "Maths: 7A"

Teacher : Omaima	Subject : <b>Biology</b>	<b>Class</b>
	<b>10 B</b>	

### Biology, Class 10 B

- Chapter 1: Autotrophy and photosynthesis  
page 15 - page 31
- Chapter 2: Plant supply with raw materials  
page 32 - page 45
- Chapter 3: The use of photosynthesis  
page 46 - page 59
- Chapter 6: Production of high quality plants  
page 100 - page 108
- Chapter 7: Influence of environmental factors  
on the production of high quality plants  
page 118 - page 131

Dear student the best way to study biology is to make sure you understood all concepts and you memorized all

technical terms. You have to reanalyze all activities and resolve the exercises. Review the quizzes and tests.

Good luck.
