   7.2 Intergenerational mobility – horizontal mobility – regional mobility – vertical mobility

8. Put the following into 2 groups and justify your answer: (4pts)

   Social integrity -values move from one generation to another – psychological unity – values are sacred – values are different from one society to another – social coherence

1. Name the social concept: (4 pts)

   1.1 Values
   1.2 Social mobility
   1.3 Social stratification
   1.4 Social mobility

2. Different explanation for the system are available. Some of these explanations state that the social class is composed of several forms of capital: Economic capital, cultural capital, and social capital.
   2.1 The difference : Economic capital is based on ownership of productive resources while cultural capital is based on academic degrees and knowledge acquired by the individual. Example : a piece of land
   Similarity : both can be transmitted from one generation to another(4pts)
   Example : a university degree
   2.2 social capital is the circle of circles or exchange of relations
   Relation : social capita is the circle of relations that the individual has which facilitates have a job with a decent income having the economic capital which allows him to have academic university hence having cultural capital.(4pts)

3. Indicate if the following statements are true or false and justify your answer (6pts)

   3.1 True, because the school is the first systematic and academic social institution

   3.2 False, the modern class system is based on the qualifications of the individual while the traditional system is based on the traditional belongings.

   3.3 False, because every category or group adopts values from abroad differently. For example, the high class people are more open to values coming from abroad while the low class people are closed so they are not open to values coming from abroad.

4. Explain the relation between the following concepts (4pts)
   4.1 If the social stratification system is traditional then there is no possibility of social mobility while if it is modern then there is possibility of social mobility
   4.2 The system of values direct the behavior of the individual indicating the social behavior.

5. Copy the following table on the answer sheet , then fill in the blanks with what is suitable for the explanation of social stratification. (6pts)

The theory	The explanation
Marxist approach	The class system is an exceptional state that will vanish

The functional approach	Social stratification is based on division of labor. People are born with natural differnces and inequality has existed throughout history and it is impossible to have a class less society
Weberian approach	The determinants of social stratification are: the economic position, the social position and the political position

6. The caste system is based on the criteria of religion , while the slavery system is based on the criteria of being a slave or a free man where the free man has all rights, while the modern class system is based on the criteria of ownership of productive resources and the feudal system is based on ownership of productive resources (4pts)

7. Extract the inappropriate concept from each of the following groups and then justify your answer (4pts)
